

AAREN Intpro Gallery

A Paradise for world class Phellem wooden furniture

Phellem collection is inspired by the very idea of a bark that is so silent in the woods but speaks volumes when one pays a close attention to it

Sounds fascinating?

FROM WOODS TO DESIGN GALLERY

Nurturing the natural marvel of polymorphism in barks and preserving them is of paramount importance to unleash and experience their true beauty. The barks of different species are preserved by covering them with an innovative bio-sourced transparent resin. This way it is possible to appreciate the intact botanical variety as it appears in its original habitat. The finest of these barks often known as "Phellem" then make it to the best in class design galleries and this is where AAREN Intpro Gallery opens the door for design connoisseurs' and transports them to a world of "Old is Gold" .

Play a stimulating game of chess on a **chess side table**

The interlocking compositions are reminiscent of the ancient wood inlay technique with an emphasis on overcoming the classic schematism of a black and white chess board. Birch barks of various types and species with a coating of Extraclear Epoxy resin 34% lends itself to bring in a classic chequered surface. Typical size of our chess table is 50x 70 x64cm. However these sizes and designs can be customized to your requirement

Divine **Phellem console** for every soul

When poplar bark is preserved with an Extraclear Epoxy Resin Formulation 34%, supported on a burnished steel base, you see a spectacular table that takes you back in time to the world when Poplar symbolized divinity, security and resiliency. The hardy and healthy bark is a result of the tree's independent character, needing very little care. Though the collection boasts of a typical 48 x 238 x 90 cm, the consoles can be customized to suit your requirement

Sumptuous dining on the **dining table**

When barks of varied types and species are crafted to perfection using ancient wood inlay technique, with interlocking compositions in a dimension of 260x95x75cm and coated with 34% Extraclear Epoxy Resin, you get a great looking dining table that is vintage and rustic adding a dose of tradition to every meal served on it . Customized designs in different sizes and finishes too are possible.

Phellem low table for a high caffeine rush

Taking advantage of the incredible ancient wood inlay technique, AAREN has made it possible to get a bolder expression using Oak, Larch and Birch Barks of various types and species. The resin covering keeps the botanical character of the bark intact. Supported on burnished steel, these low tables which come in a dimension of 110x 90x 44cm. Choose these low-tables for great coffee table conversations.
